

Careers Fair 2022

4th March 2022

Gordon's Careers Fair is returning this year and will be held on:

Tuesday 15th March from 5:30pm.

Who will be represented?

We have a fantastic group of both local and national companies and education providers joining us, including representatives from healthcare, engineering, banking, hospitality, and construction.

Who can attend?

Every student in the school will attend the event. A slot will be timetabled by year group and students will be accompanied to the Gym during prep. In addition, parents will be invited to attend and can book their place via the school website.

Why is it important?

Careers Fairs are an excellent way to meet employers and ask lots of questions. You can find out about different jobs, about the skills you might need or the salary you could earn. You might discover career opportunities within industries you'd not considered or motivation to work harder in school. After the global pandemic, this is the time to finally meet professional people in person and in an informal setting and get some answers.

So how do you make the most of it?

- Look through the organisations who will be represented in advance
- Research the companies that interest you
- Plan who you want to speak to and make sure you seek them out on the day
- Be polite and confident about asking questions
- Remember to follow up with any useful contacts. For example, you may find an organisation willing to offer work experience or support with future enquiries you may have

We're looking forward to seeing you there!
